I am currently a third-year senior at Auburn University working toward a major in **Environmental Design** and minors in **Spanish** and **Sustainability Studies**. I intend to pursue graduate studies in **Landscape Architecture** and **Urban Design**.

EDUCATION

Auburn University, Alabama

(August, 2018 – August, 2021)

University Scholarship

Current GPA – 3.93

Bachelor of Science in Environmental Design; minors in Spanish + Sustainability Studies

Vestavia Hills High School, Alabama

(August, 2014 – May, 2018)

Honors Diploma – 4.3 GPA

National Honor Society; Spanish Honor Society; Seal of Biliteracy; Award for Outstanding Achievement in Honors U.S. History; Award for Outstanding Achievement in A.P. Spanish IV

WORK EXPERIENCE

Miller Writing Center – Consultant

(August, 2019 – Present)

I serve as a writing consultant, working with students at any level of the writing process to help them develop and refine their ideas. Consultants encourage writers to find their voice, explaining methods and conventions of writing. While improving specific works of writing is important, the main goal of the Writing Center is to develop writing skills that sustain.

Logo for Sustainable Biomaterials + Packaging Society

Spring 2021

See logo in e-portfolio

Aeoluz and BioGas – Intern

(May, 2019 – July, 2019)

I completed a design internship in Valencia, Spain at a sustainable energy education company. I designed the plans for a model for an environmentally sustainable home and landscape using Photoshop. I designed a showroom to display HomeBiogas, a biogas digester. I also translated articles about HomeBiogas from English to Spanish. I refined my design skills, learned about sustainability efforts, and improved my Spanish fluency.

Trader Joe's, Birmingham – Crew Member

(September, 2016 – July, 2018)

I mainly worked in customer service: using the cash register, attending to customers' needs, and bagging groceries. I learned about the importance of team work and developing communication skills.

AWARDS + CERTIFICATIONS

Auburn University Research Symposium 2021

Award for Oral Presentation for College of Architecture, Design, + Construction

Auburn Refuge Project (see in cut sheet)

My team and I created regenerative designs based on permaculture for new green spaces on campus, including a food forest, outdoor classroom, and sensory garden.

Permaculture Design Certificate

February - March 2021

I received my certification in permaculture design taught at an ecovillage owned by the Maskoke Peoples; Alan Booker, a permaculture professional and systems engineer, taught the class.

Outstanding E-Portfolio Challenge at Auburn University 2021

Nominated to participate by Magdalena Garmaz

INVOLVEMENT + LEADERSHIP

Permaculture Tigers – Vice President

(August, 2020 – Present)

This organization seeks to educate students and the Auburn Community about the ethics and practices of permaculture and how it relates to regenerative design, sustainability, and any career field. As the Vice President, I handle communication and administrative tasks for the organization; I also take part in planning monthly meetings and field trips.

EPA Rainworks Challenge

(submitted December, 2020)

I participated in the EPA Rainworks challenge by redesigning Auburn's campus to support sustainable stormwater management through green infrastructure. Titled BiodiverseCITY, my project aimed to increase biodiversity on campus and thereby support not only the environment, but also the mental wellbeing of students, faculty, and visitors.

Spanish Club – Officer

(December, 2018 – December, 2019)

This club is dedicated to improving Spanish speaking skills, learning about the Hispanic community in Auburn, and providing volunteer opportunities within Auburn. As an officer, I collaborate with the President and other officers, sharing the work load and coming up with new ideas for the club.

SKILLS

- I am proficient in Photoshop, InDesign, and Illustrator
- I have experience with Autocad, Sketchup, + Revit
- Drawing and sketching
- Bilingual with English + Spanish
- Writing
- Hardworking, creative, attentive to detail, work well in team environments
